

2026 Sponsorship Opportunities

Stronger Together: United, Communities Thrive!

About Us

United Way of Beaver County

Our Campaign theme is **Stronger Together: United, Communities Thrive.**

Your sponsorship commitment is a vital part of our ability to help our Beaver County community thrive.

Helping those in Beaver County in need - sometimes one person at a time.

###

40% of Beaver County households cannot afford the essentials. Help us reduce that number.

###

141,705 children, youth, adults, and elderly were served through our 17 Member Agencies as a result of United Way funding.

###

Through collaboration with Job Training of Beaver County, we now have a Workforce Development Program called United Works!

A marine veteran was enrolled in the Supportive Services for Veteran Families (SSVF) program and received assistance with getting an apartment for himself and his children. Per his lease, he was to get the electric in his name within 30 days. The individual had an outstanding balance with the utility company and could not afford to pay the arrearages, leading him to be at risk of eviction due to a lease violation. Through funds from the ALICE Utility Assistance Mini-Grant, we were able to assist this individual with his back balance and his utility deposit in order to stabilize himself and his children in their forever home.
