BEAVER COUNTY

2019-2020  
Campaign Total

**\$1,011,252.00**

Thank you!

**Congratulations!!!! We did it!!!**

Thanks to your selfless generosity, for the first time in 18 years, we raised over \$1 million for those less fortunate in Beaver County. This year, a record 73 charities will receive funds through our campaign.

I am sorry that the pandemic forced us to cancel our 6<sup>th</sup> Annual Recognition Dinner, where would have celebrated this great success. Please know that the 2019 -2020 campaign had an energy and drive like no other. **Almost 200 companies and unions showed their support. Thousands of employees, union members and local residents made donations to help their neighbors.**

Beaver County is a special place!

However, there is no time to rest, the need is greater than ever in our area. The 2020 -2021 campaign has begun and it will be very challenging. ***The Covid-19 Pandemic has been a "body blow" to most of our agencies and supporters.*** A countless number of fundraising events have been cancelled, many regular donors have either pulled back or eliminated giving. Additionally, the cost to run our charities has risen drastically under the new regulations.

**Please consider a pledge or donation to help!**

Your participation has the power to change and save lives! Your involvement will help support food banks, energy assistance, emergency shelter, counseling, skills training, home health, cancer and heart patients and the physically and mentally disabled.

**A gift of any amount is vital to assisting us to help others in Beaver County!**

**The great Martin Luther King Jr. said, "If you can't fly, run. If you can't run, walk. If you can't walk, crawl, but by all means, keep moving."**

**Please help us "keep moving"!**

**Thank you in advance for your support!**
